THE UNIVERSITY MOTTO

Quaecumque vera ...“Whatsoever things are true”

THE UNIVERSITY COAT OF ARMS

In June 1994, His Excellency the Right Honourable Ramon John Hnatyshyn, Governor General of Canada, presented the University of Alberta with its Coat of Arms. The full Coat of Arms is displayed at ceremonial occasions such as Convocation, and is used by the Chancellor, the titular head of the University.

On the shield is a representation of the topography of Alberta rendered in the colors of the University. At the base is a prairie wheat field symbolizing Alberta’s agricultural industry. The wavy gold line above suggests the hills and rivers of Alberta and, in particular, the setting of the University campus. The top of the shield is in gold and separated from the rest of the shield by a line suggesting the Rocky Mountains. The book of learning dominates the design.

On the crest is a Grand-Duc d’Amérique, or Great Horned Owl, the provincial bird and an accepted symbol of knowledge. The Pronghorn, taken from the Provincial Coat of Arms, and the golden bear, mascot of the University support the shield. Both wear collars of the University colors, as does the owl. At the base of the coat of arms is a grassy mound with wild roses, the floral emblem of Alberta with the University’s motto: *Quaecumque vera* (“Whatsoever things are true”).

Please Note: The Jubilee Auditorium is a “smoke-free” facility.

The list of candidates for degrees, diplomas, and certificates appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information presented is current as of the program printing deadline.

Photographs may be taken during the ceremony, but we ask that photographers do not approach the stage area and ensure that aisles and stairways are kept clear.

Greetings to the Graduates

Welcome to your convocation!

Today we gather to celebrate one of life's great milestones. While convocation is a time-honoured academic tradition from our past, together we recognize that your education and graduation are a very important part of our community's hopes for the future.

Your achievements here at the University of Alberta will be a foundation for your success in future endeavours. Your graduation today is an important step forward in your lifelong quest for learning and truth.

Congratulations and very best wishes for this day and always.

Ralph B. Young
Chancellor

Congratulations to the University of Alberta's class of 2015! Today, on this very special occasion, you join a very distinguished group of more than 275,000 proud alumni worldwide.

The U of A takes pride in your achievements—achievements through considerable investments of time and effort—your degree is a recognition of your accomplishments and the successful outcome of years of study, intellectual growth and personal discovery.

Wherever the next step of your journey may take you, your connection to your alma mater will endure. Throughout your life, remember and be guided by the values we hold dear to this institution. When our first president, Henry Marshall Tory, founded this university, he instilled two ideals: first, that the modern university should be for the "uplifting of the whole people," and second, that we should pursue whatsoever things are true: quaecumque vera. With these two ideals as your beacon, I urge you to follow the lead of thousands of U of A alumni, and with truth and integrity, use your gifts to uplift, build and serve society.

Our Traditions

THE UNIVERSITY MACE

The University of Alberta Mace was designed and crafted specifically for the University as a gift from Dr. Francis Phillip Galbraith, Chancellor of the University of Alberta from 1964 – 1970. It was presented by his son, Michael Galbraith, on behalf of his father on 26 May 1970.

Among its elements are: the Star of Saint Thomas Aquinas, the Patron Saint of Scholars; the Wild Rose of Alberta; the Maple Leaf; and the separate charges which make up the University's Emblem. The University motto encircles the staff.

The ceremonial stand for the Mace was donated in 1987 as a memorial gift by family and friends of Dr. Charles Malcolm Macleod, Chair of the Board of Governors 1950 – 1966.

The Mace is carried before the Chancellor, or Vice-Chancellor, in procession and rests on its stand in full view of the assembly during Convocation. Centuries ago the Mace was a symbol of authority over life and death. Today it represents power—but the power of knowledge and the importance of the University in the community.

UNIVERSITY OF ALBERTA CHEER SONG

*Ring out a cheer for our Alberta
A song of praise to Varsity.
For the splendour of our mountains
Our prairies green and gold.
Ranked beneath whose glowing colours,
Thy legions march enrolled.
Our memories will live forever
Beloved University.
We will fight for thee and cheer
And ever hold thine honour dear.
Our Alma Mater U of A
Green and gold! Quaecumque vera!
Guide us through each coming era,
Guide us on through battle gory
To a new and greater glory*

THE UNIVERSITY CEREMONIAL CHAIRS

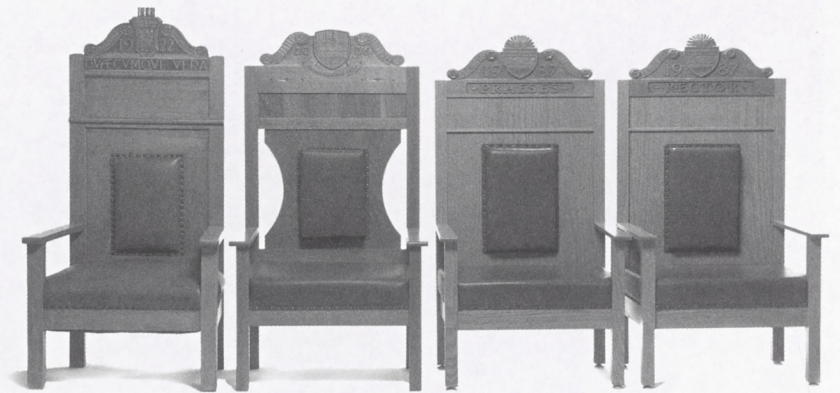

The Chancellor's Chair was presented to the University of Alberta as a gift from the 1922 graduating class. It is made of solid oak with a padded leather back and seat. Above the padded-leather back is carved the University motto Quaecumque Vera together with the class year, 1922, and the University emblem.

In 1987, the family and friends of Dr. Charles Malcolm Macleod, Chair of the Board of Governors from 1950 to 1966, presented a memorial gift to the University of two additional chairs for use by the President and the Chair of the Board of Governors at Convocation.

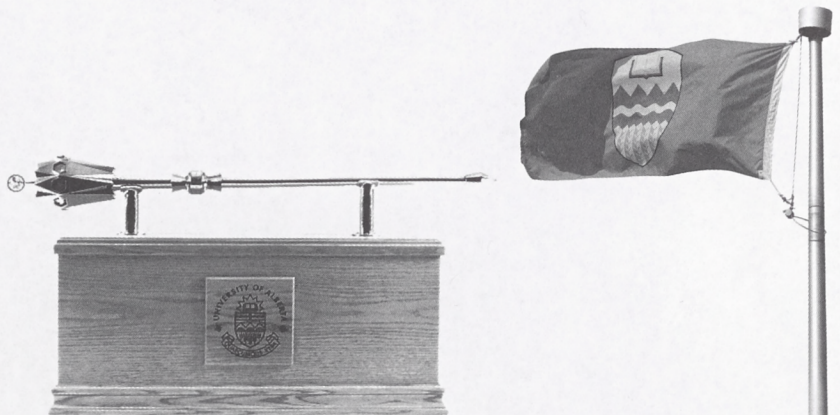

In 2006, a fourth chair was donated in memory and honor of Lois Elsa Hole, beloved Chancellor (1998 – 2000) and Lieutenant Governor (2000 – 2005), by Earl Evaniew, Sandra Kereliuk and their daughter Jennifer. This chair becomes part of the seating arrangements on stage, when the Lieutenant Governor or other high profile dignitaries attend the convocation ceremonies.

Convocation

Today's ceremony stems from the medieval tradition. The procession of the guild of teachers, whose solemn assembly, or convocation, is the modern equivalent of the medieval magna congregatio of all Faculties. It is led by the Chancellor and the Chief Marshal carrying the mace, the symbol of the University's corporate authority. The academic gowns, hoods and caps declare, in their various designs and colors, the academic qualifications of the Faculty. The citations and presentations by the Faculty to the Chancellor attest to him and to society the degree of proficiency attained by the students of the University. There follows a visible and public act whereby the universitas magistrorum, acting through its Chancellor, confers upon the students the appropriate degree. It is the act, not a certificate, which constitutes the validity of the degree bestowed.

The words "I admit you" and the placing of the students' hands within the hands of the Chancellor and his associates, bind the students in the appropriate degree to the universitas magistrorum. The students thereafter bear for all time the mark of their association with this University. They have received what the University has been and presently is. Because they bear in themselves the promise of the future, they are what the University hopes to be. Despite its solemnity, convocation is a joyous occasion.

Academic dress at the University of Alberta generally follows the tradition of Cambridge University in the design of the gown, and that of Oxford University in the design of the hood. See Academic Dress on page 88 for a detailed description of ceremonial colors.

Conferring of Degrees

THE PRESENTATION

The Senior Dean presents the candidates for degrees with these words:

"Eminent Chancellor and President, on behalf of the Faculties, I present to you these scholars and ask that they be pledged and admitted to the degrees to which they are entitled."

THE PLEDGE

The President then addresses the candidates in these words:

"Do you promise faithfully to observe and loyally to maintain the statutes, customs, privileges, and liberties of this, your University? Do you solemnly promise to conduct yourself in all things loyally and faithfully to the honour of your University, the encouragement of learning, and the good of your country?"

Each candidate replies:

"These things I pledge myself to do."

THE ADMISSION

The Chancellor then addresses the candidates in these words:

"By virtue of the authority vested in me by the Legislature of this Province and with the consent of this University, I admit you to the degrees to which you are entitled, and invest you with all the powers, rights, and privileges pertaining to such degrees. I charge you to use them for the uplifting of the whole people; to inspire the human spirit; for all who believe, to serve your God; and to pursue more steadfastly whatsoever things are true."

The graduates remain in their places.

Honorary Degree Recipient

CONGRATULATIONS

Russell Clifford Schnell

Dr. Russell (Russ) Schnell was born and raised in the small rural community of Castor in east-central Alberta. All four of his grandparents, his nineteen aunts and uncles and just as many cousins lived in the community. In his recollection there was never enough time for all the wiener roasts, hikes, skating parties, battles in haylofts, forts, swims in sloughs and opportunities to hammer red-hot iron in his grandfather's blacksmith shop.

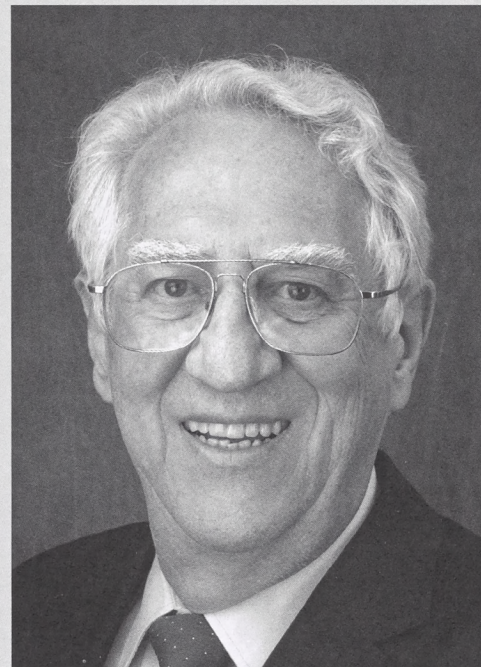

Describing himself as "never the smartest student in class," he learned efficient study habits while working over 20 hours per week after school as a printer's apprentice at the local newspaper. Volunteer service with the Royal Canadian Air Cadets provided an opportunity to earn a pilot's license and to spend a summer in Israel prior to entering the University of Alberta in 1963.

For seven summers he worked in the Alberta Hail Studies program. Along the way he earned BSc degrees in chemistry (U of A) and biology (Newfoundland), conducted graduate studies in Hawaii and Wales, and earned MSc and PhD degrees in Atmospheric Science from the University of Wyoming.

While at Alberta Hail Studies, Dr. Schnell discovered biological ice nuclei, observing that certain bacteria on decaying leaves were probably a key factor in initiating rain, hail and snow – a discovery now being confirmed with recent advances in genetic techniques. He married in 1974 and moved to Kenya in 1976 to work for the United Nations. He also served eight years as director of the Mauna Loa Atmospheric Baseline Observatory in Hawaii.

His conception, planning and execution of a series of aircraft measurements in the Arctic in the early 1980s revolutionized our understanding of the sources of pollution and their impact on the Arctic Ocean Basin and surrounding lands. His research has since taken him to more than 70 countries, and he has published more than 120 papers on ice nuclei, ozone, Arctic air pollution, greenhouse gases and methane leaks from oil and gas operations.

A leader in establishing international networks for observing atmospheric composition, he is currently deputy-director of the National Oceanic and Atmospheric Administration Global Monitoring Division based in Boulder, Colorado. He also served as a member of the Intergovernmental Panel on Climate Change (IPCC) that shared the Nobel Peace Prize with former U.S. Vice-President Al Gore in 2007.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Dr. Russell Clifford Schnell:

H.J. Bull. *The Cruise of the "Antarctic" to the South Polar Regions*. Frontispiece by W.L. Wyllie and illus. W.G. Burn Murdoch. London and New York: Edward Arnold, 1896.

One of many Antarctic "firsts," the author claims that the Norwegian expedition of 1894–95 described herein was the first to reach "the mainland of the great Antarctic Continent, never before trodden by human foot" (1). These men, purportedly the first to set foot in the Antarctic, would never have suspected that less than a century later a thin spot in the atmosphere above them would become known as the Antarctic ozone hole and would serve as an important measure of the impact of mankind's footprint on the planet. This copy is a first edition with the original decorative cloth binding and several full-page illustrations on plates.

Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

Honorary Degree Recipient

CONGRATULATIONS

Robert B. Church

As a third generation Albertan, Dr. Bob Church was raised on his family's farm near Balzac. He attended Olds College and was admitted on probation into the University of Alberta's Faculty of Agriculture. President of the Agricultural Club and a member of Students' Council and the board of World University Services, he was the valedictorian of the University of Alberta class of 1962.

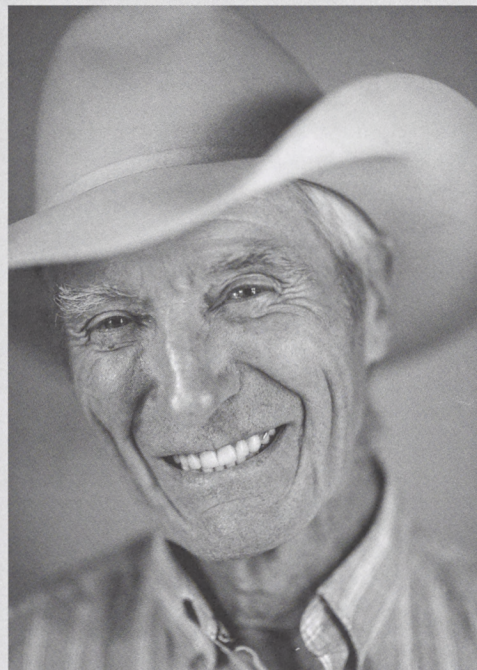

He spent a summer studying at the University of Uppsala in Sweden, and went on to earn his PhD in Animal Genetics from the University of Edinburgh. As a postdoctoral fellow at the University of Washington in Seattle, he became known as a leading molecular geneticist. In 1967, Dr. Church became founding head of the Department of Biochemistry and Molecular Biology at the University of Calgary's Faculty of Medicine. He later served as Associate Dean of Research.

He has operated Lochend Luing Ranch in the foothills west of Airdrie since 1974 and is currently President of Church Livestock Consultants. He has been a director for a number of companies including Alberta Livestock Transplants (AltaGenetics), Ciba-Geigy, Monsanto, Connaught Laboratories, VenCap Equities, Canadian Science and Technology Growth Fund, CV Technologies (Afexa), AVAC and the Canadian Agri-Food Policy Institute. He was on the board of the Calgary Exhibition and Stampede for 20 years before becoming President in 1989. For his contributions to First Nations affairs, he was named Chief Black Eagle of the Treaty 7 Tribes.

Dr. Church was a founding member of the National Sciences and Engineering Research Council, the Medical Research Council of Canada and the Premier's Council on Science & Technology. He was also founding chair of the Alberta Science and Research Authority. His nucleic acid and epigenetic research has resulted in over two hundred publications and hundreds of invited presentations. He has been a consultant on medical technologies, biotechnologies, livestock genomic programs and new healthy food products for governments and business worldwide.

A Member of the Order of Canada and the Alberta Order of Excellence, he was inducted into the Canadian Agricultural Hall of Fame, Alberta Agriculture Hall of Fame, Alberta Bioindustry Hall of Fame and the Olds College Alumni Hall of Fame.

As an educator, medical scientist, cattleman, and entrepreneur, Dr. Church has been called a 'Renaissance Man' for recognizing opportunities for the development and application of new technologies to sustainable biomass production and personalized medicine.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Dr. Robert B. Church:

Henderson's Northwest Brand Book. Second ed. Winnipeg: Henderson Directory Co., 1889.

The second edition of one of the earliest "brand books" published in the Canadian Prairies, this book was used to easily identify the owners of branded livestock. Accuracy was crucial, and the publisher assures readers that "no expense or trouble has been spared to make the work complete and reliable" (5). Designed in a handy pocket size with an envelope-style leather cover, a compartment for important papers, a sheaf of lined notepaper in the back, and a pencil sleeve on the side, this book was intended to be carried and used by ranchers.

NATIONAL ANTHEM

O Canada! Our home and native land!
True patriot love in all thy sons command.
Car ton bras sait porter l'épée, (With glowing hearts we see thee rise)
Il sait porter la croix! (The True North strong and free)
Ton histoire est une épopée (From far and wide, O Canada)
Des plus brillants exploits. (We stand on guard for thee)
God keep our land glorious and free!
O Canada! We stand on guard for thee.
O Canada! We stand on guard for thee.

Honorary Degree Recipient

CONGRATULATIONS

David Graeme Hancock

Mr. Dave Hancock was born in Fort Resolution NWT, the youngest of a family of seven. His father, Richard Hancock had joined the Hudson's Bay Company in 1935 in Fort Vermilion, Alberta where he met Kathleen, Dave's mother. Together they spent 45 years as store manager and teacher respectively in small northern Aboriginal communities. Together they also ensured that all seven children "went out" and obtained a post-secondary education.

As a U of A graduate in both political science and law, Dave Hancock has made important contributions to the vitality of the province as an MLA, cabinet minister and 15th Premier of Alberta. Over the past 17 years, he has served in key ministerial portfolios including Intergovernmental and Aboriginal Affairs, Justice and Attorney General, Education, Health and Wellness, Human Services and Innovation and Advanced Education. He served for 17 years as Government House Leader as well as serving on Treasury Board, Agenda & Priorities and as Deputy Premier.

Committed to the social responsibility of government, Mr. Hancock championed the need for excellence in primary, secondary and post-secondary education as well as the academic infrastructure that underpins teaching, learning and research. He helped establish the Lois Hole Campus Alberta Digital Library, the Access to the Future Fund and a comprehensive framework for K-12 education.

His leadership also brought support to marginalized populations including First Nations, Métis and Inuit Albertans, teen parents and learners with special needs. His efforts advanced the Aboriginal Policy Framework with the goal that "Aboriginal People should have the same socio-economic status as all other Albertans." In 2004 under his leadership the Alberta government published a "20 year Strategic Plan" with four pillars: Unleashing Innovation, Leading in Learning, Succeeding in the Global Market Place, so Alberta could be the Best Place to Live, Work and Raise a Family.

He led the Learning Alberta project resulting in a new Post-Secondary Learning Act and the six-sector model. His Inspiring Education and Social Policy Framework projects were two of the most extensive, effective and inclusive policy development processes undertaken by the provincial government and resulted in a new Education Act and a Children First Act.

Mr. Hancock's personal commitment to social responsibility continues with his support for the Mahatma Gandhi Canadian Foundation for World Peace, the Centre for Family Literacy and as a director of the Classroom Connections Learning Foundation.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Mr. David Graeme Hancock:

Treaties Between Her Majesty, the Queen, and Foreign Powers. Ottawa: Brown Chamberlin, 1881.

This early and important book of statutes contains Orders in Council, proclamations, and regulations, all having the force of law in the Dominion of Canada, and covering a variety of topics of national interest, including citizenship, government railways, provincial boundaries, and savings banks. This copy is from the personal library of a Father of Confederation and the first Prime Minister of Canada, Sir John A Macdonald (1815-1891), who was also a successful lawyer before he was elected to the provincial legislature in 1844. Macdonald proved himself to be an adroit politician who ably assumed a leadership role in his party and went on to serve as Prime Minister from 1867-73 and 1878-91. The engraved bookplate on the inside cover shows Macdonald's coat of arms and the opposite page features a tipped-in holographic letter with his signature.

Congratulations Graduates

NATIONAL ANTHEM

O Canada! Our home and native land!
True patriot love in all thy sons command.
Car ton bras sait porter l'épée, (With glowing hearts we see thee rise)
Il sait porter la croix! (The True North strong and free)
Ton histoire est une épopée (From far and wide, O Canada)
Des plus brillants exploits. (We stand on guard for thee)
God keep our land glorious and free!
O Canada! We stand on guard for thee.
O Canada! We stand on guard for thee.

Honorary Degree Recipient

CONGRATULATIONS

Jane Ash Poitras

Jane Ash Poitras is an internationally acclaimed visual artist whose work has been showcased in numerous solo and group exhibitions around the world, and may be found in many prestigious public, private and corporate collections. Several major solo exhibitions of her work have toured across Canada, and her art has been purchased and featured by public institutions including the National Gallery of Canada, the Royal Ontario Museum and the Art Gallery of Alberta.

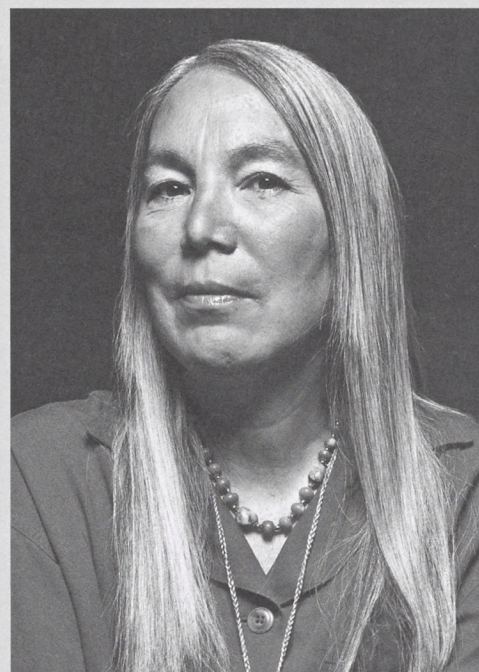

A member of the Royal Canadian Academy of Artists, she is a graduate of the University of Alberta with degrees in microbiology and printmaking. She also earned a Master of Fine Arts in Painting and Sculpture from New York City's Columbia University. She was a long-time lecturer for the U of A Faculty of Native Studies and is a much-in-demand guest lecturer across North America and overseas.

Ms. Poitras is a proud member of the Mikisew Cree First Nation in Fort Chipewyan. Orphaned at an early age, she was fostered by an elderly German woman, Marguerite Runck, and grew up in Edmonton. Respected for her generous support of Aboriginal and community causes, her numerous honours include the Queen Elizabeth II Diamond Jubilee Medal, Lieutenant Governor of Alberta Distinguished Artist Award, Alberta Centennial Medal, National Aboriginal Achievement Award for Arts and Culture, University of Alberta Alumni Award of Excellence and City of Edmonton Cultural Hall of Fame Salute to Excellence.

She has been featured in numerous video productions, exhibition catalogues, magazine articles and radio interviews. Her images have graced the covers of several books. University of Calgary Press has published a book on her career and art, *Cultural Memories and Imagined Futures: The Art of Jane Ash Poitras*, by Pamela McCallum.

The range and diversity of the interests that inspire and inform Ms. Poitras' artistic creations have resulted in a number of distinctive series of artworks that, over time, reflect the paths she has taken on her journey of discovery. These journeys of exploration have taken her not only into plumbing her Aboriginal roots, but also into such diverse topics as history, pharmacology, ethnobotany and linguistics.

One of the key aspects of her art that sets it apart from the work of other artists is her ability to combine and reconcile disparate themes and elements to create fully resolved works that convey information on different levels.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Ms. Jane Ash Poitras:

Maureen Cummins. *Deeds*. Brooklyn: Ianna Press, 1999.

This limited edition artist's book is made of found historical documents which were overprinted and rebound by the artist in a way that makes the text difficult to decipher and thereby underscores the often contradictory and sometimes impermeable nature of history. *Deeds* presents an account of the nineteenth-century displacement of First Nations peoples in the form of a fictional memoir, based on historical accounts, which is overprinted on old real estate records from the same time period. It is the juxtaposition of the two interrelated but opposing histories which gives this artist's book its power.

Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

Senators of the University
Representatives of Governments
Representatives of Postsecondary Institutions
Faculty of the University

NATIONAL ANTHEM

O Canada! Our home and native land!
True patriot love in all thy sons command.
Car ton bras sait porter l'épée, (With glowing hearts we see thee rise)
Il sait porter la croix! (The True North strong and free)
Ton histoire est une épopée (From far and wide, O Canada)
Des plus brillants exploits. (We stand on guard for thee)
God keep our land glorious and free!
O Canada! We stand on guard for thee.
O Canada! We stand on guard for thee.

Honorary Degree Recipient

CONGRATULATIONS

Xian-En Zhang

An outstanding advocate for international scientific cooperation, Dr. Xian-En Zhang received his first degree from Hubei University in 1982. He earned an M.Phil. in microbiology in 1985 and Ph.D. in biochemistry in 1995 from the Chinese Academy of Science (CAS). He became a full professor in the Wuhan Institute of Virology, Chinese Academy of Science in 1993, and is now a professor in the CAS Institute of Biophysics.

Dr. Zhang works in interdisciplinary fields specializing in biosensors, analytical microbiology, and nanobiology. His publications include over 200 peer-reviewed papers and three books. His research has been instrumental in developing new tools for sensitive and rapid detection of biochemicals and for gaining a deeper understanding of the mechanisms of tuberculosis, HIV and other infectious diseases.

Over his 11 years as a director general of the Basic Research Department, Ministry of Science & Technology in China, he played a key role in policy and strategic planning for science development, including the layout of national basic research programs and the construction of the State Key Laboratory System.

Dr. Zhang currently serves as deputy head of the Advisory Committee of the National Key Basic Research Program, vice chair of the Chinese Society for Microbiology, co-chair of the Division of Nanobiotechnology/Biosensors/Biochips of the Asian Federation of Biotechnology, a member of the Global Network of Science Academies' working group for Synthetic Biology and as a member of the International Advisory Board of the London Centre for Nanotechnology. He has also served on the editorial boards of several international scientific journals.

Dr. Zhang had been invited to deliver speeches to the American National Science Foundation, National Institutes of Health and National Academy of Sciences. He has presented to the OECD science forum, UNESCO eScience, the first APEC Chief Science Advisor Meeting, the Institute of Electrical and Electronics Engineers (IEEE) biomedical conference, the Gates Foundation and the Grand Challenges in Global Health.

He has coordinated the promotion of multilateral research projects and the establishment of a scientific data sharing mechanism through international collaboration. Dr. Zhang also initiated a joint laboratory program in cooperation with the University of Alberta and the Alberta government that sees Alberta and China scientists collaborating on key areas of research including clean energy, environmental science, biomedical sciences and infectious diseases.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Dr. Xian-En Zhang:

William B. Langdon. *"Ten Thousand Chinese Things." A Descriptive Catalogue of the Chinese Collection, Now Exhibiting at St. George's Place, Hyde Park Corner, London, with Condensed Accounts of the Genius, Government, History, Literature, Agriculture, Arts, Trade, Manners, Customs and Social Life of the People of the Celestial Empire.*

This attractive publication is a catalogue of American collector Nathan Dunn's vast collection of "rare specimens" that illustrate "the costume, the manners, habits, science, arts, trades, agriculture, and genius" of China's "wonderful people." The Chinese Collection was on exhibition at Philadelphia where it was visited by hundreds of thousands of curious observers before it was taken down and remounted at St. George's Place, Hyde Park Corner where it was housed in a building made in the style of a Chinese summer house from a model in the collection. The book is handsomely bound in cloth with gilt lettering on the cover, and it has 24 woodcut illustrations, including a lovely frontispiece showing the impressive entrance to the exhibition.

Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

Marshals
Chancellor
Chair of the Board of Governors
President and Vice-Chancellor
Government Minister
Vice-Presidents
Honorary Graduated and Presenter
Honorary Doctors of the University
Alumni Association Officer
Deans of the Faculties
Registrar
Assistant Registrar
Members of the Judiciary
Governors of the University
Senators of the University
Representatives of Governments
Representatives of Postsecondary Institutions
Faculty of the University

NATIONAL ANTHEM

O Canada! Our home and native land!
True patriot love in all thy sons command.
Car ton bras sait porter l'épée, (With glowing hearts we see thee rise)
Il sait porter la croix! (The True North strong and free)
Ton histoire est une épopée (From far and wide, O Canada)
Des plus brillants exploits. (We stand on guard for thee)
God keep our land glorious and free!
O Canada! We stand on guard for thee.
O Canada! We stand on guard for thee.

RECESSION

Members of the audience are requested to remain at their places until the Platform Party and the graduates have recessed.

Those graduates who would like a photograph with the Chancellor may meet him in the east end of the main floor foyer by the Special Collections display. The Chancellor will be available for approximately twenty minutes following the conclusion of the ceremony.

Commemorative Videos of your Convocation Ceremony are available for purchase on DVD; please go to www.registrar.ualberta.ca/memorabilia

Honorary Degree Recipient

CONGRATULATIONS

Daniel Leonard Gaudet

Mr. Danny Gaudet grew up in the Charter Community of Déline, formerly known as Fort Franklin, located in the Sahtu Region of the Northwest Territories on the western shore of Great Bear Lake. He lived in Déline until he was 13 years old, and then moved to Inuvik to live at Grollier Hall while attending Samuel Hearne Secondary School, where he graduated from high school.

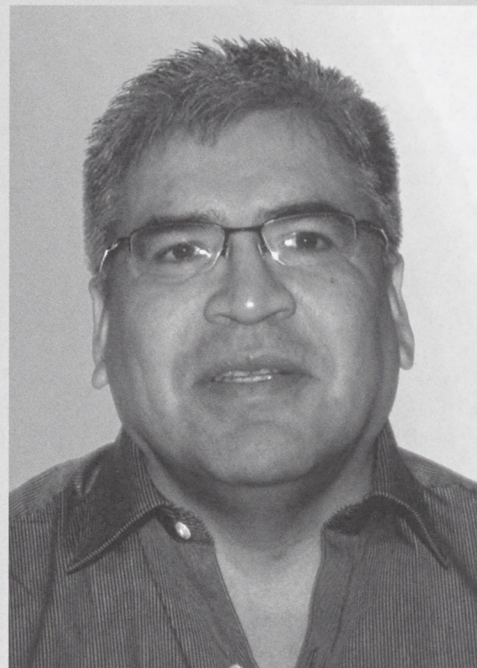

Immediately following school, Mr. Gaudet became a young father. Remembering his late father's advice, he knew he had to find work to support his young family. He became an economic development officer at the age of 19, which then led to new opportunities running a native organization and learning about native politics and governance.

At age 21 he joined the Government of the Northwest Territories, Department of Municipal and Community Affairs. His co-workers helped him gain a clear understanding of modern governments, and also helped him further his education. Mr. Gaudet left the government in 1991 after receiving a Certificate in Adult Education from St. Francis Xavier University and a Diploma in Public Administration from St. Lawrence College. He decided it was time to head home and work for the community of Déline, where he continues to reside today.

Owner of a heavy equipment construction business and chair of North-Wright Airways, Mr. Gaudet has worked with his community on initiatives related to housing, education, justice, wellness, hydro, management of Great Bear Lake, business development and business investments. He has developed secondary and adult educational training programs to improve learning outcomes in the community, and he created the annual Déline ice hockey training program for youth involving the participation of former NHL players.

As a former chair of the NWT Community Mobilization Initiative and as Chief Negotiator for Déline Self-Government since 1997, Mr. Gaudet has developed a strong vision for Dene governance. He has been called upon to act as negotiator in a number of other Déline First Nation interventions, including the Déline Uranium Team and the Great Bear Lake Management process.

Mr. Gaudet understands the importance of Dene knowledge as a foundation for governance and responsible resource management. He is a strong champion of the Déline Knowledge Centre strategic plan as an institutional framework for bringing together Western scientific and Dene knowledge, research and programs.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Mr. Daniel Leonad Gaudet:

Dave Wood. *Excerpts from Chief Seattle's Peace Treaty Statement*. Pomoma, Australia: D.J. Harwood and Assoc. Press, 1990.

This is a limited edition artist's book printed on archival rag paper with archival pigment, bound in Australian wood, and belted with the words "precious earth." Signed and numbered by the artist, this gorgeous accordion book celebrates the wisdom expressed by Chief Seattle of the Suquamish Tribe in his famous 1854 treaty oration. There are several written versions of this legendary speech, and it is easy to see why Seattle's words have been taken up as a manifesto by both environmentalists and Native American activists: "Whatever befalls the earth befalls the sons of the earth. Man did not weave the web of life he is merely a strand in it. Whatever he does to the web he does to himself...If we sell you our land, you must remember that it is sacred and you must teach your children that it is sacred."

Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

NATIONAL ANTHEM

O Canada! Our home and native land!
True patriot love in all thy sons command.
Car ton bras sait porter l'épée, (With glowing hearts we see thee rise)
Il sait porter la croix! (The True North strong and free)
Ton histoire est une épopée (From far and wide, O Canada)
Des plus brillants exploits. (We stand on guard for thee)
God keep our land glorious and free!
O Canada! We stand on guard for thee.
O Canada! We stand on guard for thee.

University of Alberta Medicine Graduation Oath

Professor R. Fedorak, *Interim Dean*

"Eminent Chancellor and President, I present to you the graduates of the Doctor of Medicine degree and ask them to declare the Graduation Oath".

The MD graduates reply:

"I do hereby swear this oath before my friends, colleagues and family.

I will endeavour to provide the highest quality of care for my patients.

I will provide information enabling my patients to make decisions and recognize their right to accept or refuse medical treatment according to their own values.

I will never exploit my relationship with my patients and their families, and I will treat them with dignity and respect.

I will protect the privacy of my patients.

I will interact in a considerate manner with others providing patient care.

I will not tolerate discrimination.

I will not engage in medical care which I feel is unethical.

I will henceforth remain a student, that I may expand and refine my knowledge, skills and attitudes.

I will recognize my limitations and seek aid when my expertise falls short of my patients' needs.

I make these promises solemnly, freely and upon my honor in the noble traditions of the Art of Medicine".

University of Alberta Dentistry and Dental Hygiene Graduation Oath

Professor P. Major, *Chair, Department of Dentistry*

"Eminent Chancellor and President, I present to you the graduates of the Doctor of Dental Surgery and Dental Hygiene programs and ask them to declare the Graduation Oath".

The Graduates reply:

"This oath I take upon my honor having been admitted to the professions of Dentistry or Dental Hygiene, before this assembly, in accordance with the tradition of Hippocrates.

I will use my professional knowledge and skills in service to human health by:

Promoting health and healing and reducing suffering to enhance the well being of those entrusted to my professional care.

Acting responsibly to gain understanding of patients' needs, maintain ethical confidentiality and provide respectful and informed counsel and care.

Willingly sharing the art and science of my profession supported by a commitment to lifelong professional learning.

Committing myself to the development of my professional skills to the perpetual objective of providing excellence of service to patients.

Honoring the tenets associated with my profession".

Honorary Degree Recipient

CONGRATULATIONS

Dennis J. Slamon

Dr. Dennis Slamon is chief of the Division of Hematology/Oncology, Executive Vice-Chair for Research and a Professor of Medicine at the David Geffen School of Medicine at UCLA. He is also Director of Clinical/Translational Research at the Jonsson Comprehensive Cancer Center and is active on their leadership advisory council and administration review committee.

Dr. Slamon and his colleagues conducted the laboratory and clinical research that led to the development of the new breast cancer drug Herceptin, which targets a specific genetic alteration found in about 25 percent of breast cancer patients. This research has had a profound impact on the lives of tens of thousands of women. To acknowledge Dr. Slamon's accomplishments, President Clinton appointed him to the three-member President's Cancer Panel in June 2000.

Dr. Slamon has won over two dozen national research awards honoring his scientific endeavors. In 2000, he received the Translational Medicine Award by the USCD-Salk Institute as well as the Bristol-Myers Squibb Oncology Millennium Award for significant achievement and leadership in breast cancer research. In 2001, he was awarded the Wadsworth Center's Brown-Hazen Award for Excellence in the Basic Sciences, and in 2002, he received the Jeffrey A. Gottlieb Memorial Award from the M.D. Anderson Cancer Center in Texas.

In 2003, Dr. Slamon received the Dorothy P. Landon-AACR Prize for Translational Cancer Research, an international award given by the Kirk A. and Dorothy P. Landon Foundation and the American Association for Cancer Research. In 2004, the American Cancer Society presented him with the Medal of Honor, the top award bestowed by the organization. In 2005, Kent State University in Ohio gave him the Fifth Aultman Cancer Center Award and he also received the Distinguished Service Award from the Medical and Biological Sciences Alumni Association at the University of Chicago. That same year, he received the William McGuire Memorial Award at the San Antonio Breast Cancer Symposium.

Most recently, the U. S. Food and Drug Administration granted accelerated approval to palbociclib (IBRANCE, Pfizer, Inc.) for use in combination with letrozole for the treatment of postmenopausal women with estrogen receptor (ER)-positive, human epidermal growth factor receptor 2 (HER2)-negative advanced breast cancer as initial endocrine-based therapy for their metastatic disease. The Pfizer study was conducted in collaboration with the Jonsson Comprehensive Cancer Center's Revlon/UCLA Women's Cancer Research Program, led by Dr. Slamon.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Dr. Dennis J. Slamon:

John C. Warren. *Surgical Observations on Tumours, with Cases and Observations*. Boston: Crocker and Brewster. London: John Churchill, 1839.

This is a very rare early edition of the first North American book about tumours. It is written by John C. Warren, the Harvard professor and practicing surgeon who is famous for performing, in 1846, the first surgical operation with the aid of a general anaesthetic. The book grew out of a series of lectures based on Warren's own case files, and expanded to become his magnum opus. This copy retains the original cloth binding and contains sixteen hand-coloured lithographed plates with illustrations by David Claypool Johnston.

Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

NATIONAL ANTHEM

O Canada! Our home and native land!
True patriot love in all thy sons command.
Car ton bras sait porter l'épée, (With glowing hearts we see thee rise)
Il sait porter la croix! (The True North strong and free)
Ton histoire est une épopée (From far and wide, O Canada)
Des plus brillants exploits. (We stand on guard for thee)
God keep our land glorious and free!
O Canada! We stand on guard for thee.
O Canada! We stand on guard for thee.

Honorary Degree Recipient

CONGRATULATIONS

Stephen J. Toope

An expert in international law and human rights, Dr. Stephen Toope is Director of the Munk School of Global Affairs at the University of Toronto. He served as President and Vice-Chancellor at the University of British Columbia from 2006–14.

A former President of the Pierre Elliott Trudeau Foundation and former Dean of Law at McGill University, Professor Toope also served as Law Clerk to the Rt. Hon. Brian Dickson of the Supreme Court of Canada. He was Chair of the Board of the Association of Universities and Colleges of Canada, and he currently serves as Chair of the Federation for the Humanities and Social Sciences. He also serves as Director of the Public Policy Forum, the Canadian Institute for Advanced Research and the Royal Conservatory of Music, from which he received an Honorary Fellowship in 2014.

Dr. Toope has served as President of the Canadian Council on International Law and as a member of the Executive Council of the American Society of International Law. He publishes in leading international journals on international dispute resolution, international environmental law, human rights, the use of force and international legal theory. He has lectured at leading universities around the globe.

His book with Professor Jutta Brunnée, *Legitimacy and Legality in International Law: An Interactional Account*, published by the Cambridge University Press in 2010 won the American Society of International Law's 2011 Certificate of Merit for Creative Scholarship. He has been a distinguished visiting professor at Sciences Politiques in Paris and at Southwest University of Political Science and Law, Chongqing, China. He was also Bullock Chair of Canadian Studies at Hebrew University.

He served as Chair of the United Nations Working Group on Enforced and Involuntary Disappearances, as Fact-Finder for the Commission of Inquiry into the Actions of Canadian Government Officials in relation to Maher Arar (2005) and with the Commonwealth Group of Experts, Consultation on the Constitution of Sri Lanka (1997–8). In 1991 he also served as Research Director, Office of the Special Representative concerning the Royal Commission on Aboriginal Peoples (The Rt. Hon. Brian Dickson, P.C., C.C.)

Dr. Toope has been an active volunteer for international development and social service organizations. He was awarded the Queen Elizabeth II Golden Jubilee Medal (2012), the President's Award of Distinction from the United Way of Canada (2014) and the John Read Medal of the Canadian Council of International Law (2015).

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Dr. Stephen J. Toope:

Hugo Grotius. *De Jure Belli ac Pacis*. Amstelaedami [Amsterdam]: Apud Janssonio Waesbergios, 1712.

This is a masterpiece by a renowned philosopher and political theorist, a pioneering work in the field of international law. In *De Jure Belli ac Pacis*, or *On the Laws of War and Peace*, Hugo Grotius constructed a theory of law that would restrain and regulate war in order to minimize bloodshed. First published in 1625, this rare early edition is a reprint by the original publisher. It features two engraved images which function as a sort of double frontispiece: a portrait of Grotius facing an allegorical representation of blind justice.

Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

PRESIDING

Mr. Ralph B. Young, *Chancellor*

MUSICAL PRELUDE

Music is provided by the University of Alberta Convocation Band under the direction of Dr. Thomas Dust, BSc, BEd, MM, DME. Vocal accompaniment is by Aly Carrigan, an undergraduate student in the Faculty of Arts. Please remain seated during the prelude.

CEREMONIAL PROCESSION

Following the University of Alberta Cheer Song, the band will play a drum roll and the opening bars of the processional to signal the arrival of the Chancellor and other members of the Platform Party. Members of the procession enter the auditorium in the following order:

Chief Marshal and Mace Bearer
Marshals
Chancellor
Chair of the Board of Governors
President and Vice-Chancellor
Government Minister
Vice-Presidents
Honorary Graduated and Presenter
Honorary Doctors of the University
Alumni Association Officer
Deans of the Faculties
Registrar
Assistant Registrar
Members of the Judiciary
Governors of the University
Senators of the University
Representatives of Governments
Representatives of Postsecondary Institutions
Faculty of the University

NATIONAL ANTHEM

O Canada! Our home and native land!
True patriot love in all thy sons command.
Car ton bras sait porter l'épée, (With glowing hearts we see thee rise)
Il sait porter la croix! (The True North strong and free)
Ton histoire est une épopée (From far and wide, O Canada)
Des plus brillants exploits. (We stand on guard for thee)
God keep our land glorious and free!
O Canada! We stand on guard for thee.
O Canada! We stand on guard for thee.

Honorary Degree Recipient

CONGRATULATIONS

Guaning Su

Professor Guaning Su is President Emeritus and Professor of Electrical and Electronic Engineering at Nanyang Technological University (NTU), Singapore. Born in Taiwan and raised in Singapore, he graduated from the University of Alberta in 1971 with a Bachelor of Science (Engineering) with Distinction, winning the Henry Birks & Sons Gold Medal and the Alberta Professional Engineers Gold Medal in Electrical Engineering. He went on to receive an M.S.E.E. from the California Institute of Technology in 1972 and both a Ph.D. in Electrical Engineering and M.S. in Statistics from Stanford University in 1984.

Dr. Su was the fourth person to join the fledgling defence research establishment in Singapore in 1972, focusing on capabilities in electronic warfare. He went on to head defence research 1986–1997 and became Deputy Secretary (Technology) Ministry of Defence 1998–2001. He was the founding Chief Executive of the Defence Science and Technology Agency in April 2000 until taking on the NTU Presidency in January 2003.

As NTU President he led three transformational changes. He broadened NTU's academic offerings establishing new Schools of Humanities and Social Sciences, Art Design and Media and Physical and Mathematical Sciences as well as laying foundations for the Lee Kong Chian Medical School. In addition, Dr. Su restructured NTU administration and governance from a government institution into an "Autonomous University" framework achieving private university autonomy with assured government funding through long term contractual arrangements and annual performance evaluation. He also raised the quality bar across the university and renewed the faculty on a massive scale, recruiting international authorities as well as rising young talent. Research funding grew seven-fold from 2005 to 2011 with research indicators rising sharply.

After stepping down in 2011 he has devoted his time to advising academic institutions, teaching in the College of Engineering and the Nanyang Business School as well as conducting research on signal processing, complex adaptive systems, technology innovation and entrepreneurship. Dr. Su is a Registered Professional Engineer, Founding Fellow of the Singapore Academy of Engineering and Honorary Fellow and Past President of the Institution of Engineers, Singapore.

His national and international honours include the Meritorious Service Medal 2011, Public Administration Medal (Gold) 1998 conferred by the President of Singapore, the National Science and Technology Medal 2003, *Chevalier de la Légion d'Honneur* 2005 from the President of France and the Friendship Award 2011 from the State Council of China.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Dr. Guaning Su:

James Ferguson. *An Introduction to Electricity*. London: W. Strahan, and T. Cadell, 1770.

Born in the north of Scotland to parents of modest means, James Ferguson (1710–1776) rose to prominence as a self-taught inventor of astronomical and scientific instruments. He embarked on a career as a lecturer and author in London, and was eventually awarded a Fellowship with the Royal Society. A leading scientist of his day, Ferguson's ingenious observations of his own scientific experiments awakened an interest in a variety of intellectual pursuits, including astronomy, anatomy, medicine, clock-making, and electricity. In 1770, he published a pioneering work in electrical science that offers a detailed account of his experiments with electrical machines. This copy of that important book was beautifully bound in quarter leather and marbled paper by Edmonton bookbinder Alexander J. McGuckin. It also has three engraved plates showing the instruments and mechanical apparatus of Ferguson's experiments.

Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

Honorary Degree Recipient

CONGRATULATIONS

Jennifer Jane Bennett

Rear-Admiral Jennifer Bennett has been able to successfully pursue two concurrent careers, one with the Canadian Armed Forces as a member of Canada's Reserve Force and the other as a teacher and school administrator.

A native of Hamilton, Ontario, she holds a Bachelor of Physical Education from McMaster University, a Bachelor of Education from Queen's University and a Master of Arts in Leadership and Training from Royal Roads University. She is also a graduate of the Canadian Forces Staff School, Canadian Forces Staff College, NATO School and NATO Defence College.

Rear-Admiral Bennett enrolled in the Naval Reserve in 1975 as a non-commissioned member and transferred to officer training as a Logistics Officer in 1978. Since that time, she has served in a variety of military training, staff, leadership and command positions including Commanding Officer of HMCS MALAHAT and the Naval Reserve Basic Recruit Training Detachment; Director of Reserves; Director of Professional Development; Director of Training and Education Policy and Project Director (Military) for the Defence Learning Network.

Over the past 40 years, she has risen through the ranks of the military to become Canada's first female Rear-Admiral and senior ranking Reserve officer while also working as a teacher and administrator at elementary and secondary schools in Ontario and British Columbia. Having started her military career at a time when women were restricted in their roles and career progression, she has been actively engaged in the changes and integration of women across the Canadian Armed Forces and serves as the National Champion for Women in Defence.

She was promoted to the rank of Commodore in December 2007, upon appointment as the Commander of Canada's Naval Reserve and served in this capacity for three years. Promoted to her current rank in April 2011, Rear-Admiral Bennett was appointed as Canada's Chief of Reserves and Cadets in National Defence Headquarters, Ottawa.

Widely recognized for her leadership and exemplary service in the military and civilian communities, Rear-Admiral Bennett was named as one of Canada's Top 100 Most Powerful Women in 2011. In 2013, the Governor General promoted her from Officer in the Order of Military Merit (OMM) to Commander (CMM) – the highest rank in the Order and Canada's highest military meritorious service honour.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Rear-Admiral Jennifer Jane Bennett:

Women in the Production of Munitions in Canada.
Ottawa: Imperial Munitions Board (Canada), 1916.

This extraordinarily rare publication offers a pictorial record of the contributions made by large numbers of women who worked in munitions plants during the First World War. It was published to document the implementation of the Canadian government's "dilution of labour" policy in which unskilled and semi-skilled workers, including women, temporarily replaced the able-bodied men who were then serving in the military. The women pictured in these pages, and the many others that they represent, not only helped to address crippling labour shortages and thereby to aid the war effort, their work ultimately led to a wholesale reconsideration of the role of women in the military and in Canadian society.

Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

CONCLUDING REMARKS

Mr. Ralph B. Young

RECESSION

Members of the audience are requested to remain at their places until the Platform Party and the graduates have recessed.

Those graduates who would like a photograph with the Chancellor may meet him in the east end of the main floor foyer by the Special Collections display. The Chancellor will be available for approximately twenty minutes following the conclusion of the ceremony.

Commemorative Videos of your Convocation Ceremony are available for purchase on DVD; please go to www.registrar.ualberta.ca/memorabilia

Honorary Degree Recipient

CONGRATULATIONS

Patricia Dawn Clements

During the course of her career, Dr. Patricia Clements was instrumental in transforming the role of women on the University of Alberta campus, prompted a significant increase in federal funding for students in the humanities and social sciences and pioneered a new era of research.

She earned an Honours BA in 1964 from the U of A and also studied at McGill and the University of Toronto. After a year in France (teaching English and learning French) she earned a DPhil from Oxford University in 1973. Returning to the U of A as an Assistant Professor of English, she taught and published in the areas of early twentieth-century writers, relationships between English and French literatures and the history of women's writing.

She is founding director of the pioneering Orlando Project, whose collaborative team undertook an unprecedented experiment in the integration of literary research and computing. The project created and delivered an award winning "electronic history" of women's writing published online by Cambridge University Press.

A passionate advocate for the liberal arts, Dr. Clements was Dean of Arts at the University of Alberta from 1989 to 1999, the first woman dean of one of the more influential, full-range Arts faculties in Canada. During her deanship, the Faculty of Arts led the university in development of employment equity policy. The Faculty also established the Parkland Institute (a public policy think tank), the Institute for Public Economics, the Centre for Austrian and Central European Studies (now the Wirth Institute), the Institute for Medieval and Early Modern Studies, the Canadian Institute for Research Computing in Arts and the Faculty of Arts School in Cortona, Italy.

In 1999, Dr. Clements was elected President of the Canadian Federation of the Humanities and Social Sciences. She has served on the boards of the Social Sciences and Humanities Research Council of Canada, the Science Advisory Board of Health Canada, the Canada Research Knowledge Network and the Campus Alberta Quality Council.

Elected a Fellow of the Royal Society of Canada in 1991, she has received a Governor General's Gold Medal, Woodrow Wilson Fellowship, Commonwealth Scholarship and a McCalla Research Professorship. She also received (with Orlando colleagues Dr. Susan Brown and Dr. Isobel Grundy) the Outstanding Achievement Award of the Society for Digital Humanities.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Patricia Dawn Clements:

Virginia Woolf. *Orlando: A Biography*. London: Hogarth Press, 1928.

Although it was preceded by a limited edition published by Crosby Gaige of New York earlier in the same year, this first British edition is special because it was published by Leonard and Virginia Woolf at the Hogarth Press. Featuring a rarely-seen dustjacket, this book will make a wonderful addition to the Peel Library, which is home to one of the great Hogarth Press collections in the world today. An important book by one of the great British authors, *Orlando* is an irreverent, time-travelling, gender-bending, fictionalized biography which spans centuries in order to challenge readers' assumptions in the present tense.

Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

Representatives of Governments
Representatives of Postsecondary Institutions
Faculty of the University

NATIONAL ANTHEM

O Canada! Our home and native land!
True patriot love in all thy sons command.
Car ton bras sait porter l'épée, (With glowing hearts we see thee rise)
Il sait porter la croix! (The True North strong and free)
Ton histoire est une épopée (From far and wide, O Canada)
Des plus brillants exploits. (We stand on guard for thee)
God keep our land glorious and free!
O Canada! We stand on guard for thee.
O Canada! We stand on guard for thee.

CONCLUDING REMARKS

Mr. Ralph B. Young

RECESSION

Members of the audience are requested to remain at their places until the Platform Party and the graduates have recessed.

Those graduates who would like a photograph with the Chancellor may meet him in the east end of the main floor foyer by the Special Collections display. The Chancellor will be available for approximately twenty minutes following the conclusion of the ceremony.

Commemorative Videos of your Convocation Ceremony are available for purchase on DVD; please go to www.registrar.ualberta.ca/memorabilia

Honorary Degree Recipient

CONGRATULATIONS

Chantal St-Cyr Hébert

An Officer of the Order of Canada, Ms. Hébert is a national affairs writer with the *Toronto Star* and a guest columnist for *L'Actualité*. She is a weekly participant on the political panel *At Issue* on CBC's *The National*, as well as on *Les Coulisses du Pouvoir* and the Montreal show *C'est pas trop tôt* on Radio-Canada.

Ms. Hébert began her career in Toronto as a reporter for the regional newsroom of Radio-Canada in 1975 before moving on to Parliament Hill for Radio-Canada. She has served as parliamentary bureau chief for *Le Devoir* and *La Presse*. Ms. Hébert is a graduate of Glendon College, York University and is a Senior Fellow of Massey College at the University of Toronto.

She is a recipient of two Asia-Pacific media fellowships (Malaysia and Japan). She is also the 2005 recipient of the APEX Public Service Award. In 2006, she received the Hyman Solomon Award for Excellence in Public Policy Journalism.

Ms. Hébert's second book, *The Morning After: The 1995 Quebec Referendum and the Day That Almost Was*, was published in September 2014. She also won a 2014 National Magazine Award (gold) for her political column in *L'Actualité*.

Chantal Hébert est chroniqueuse aux affaires nationales au quotidien *Toronto Star* et chroniqueuse invitée à *L'Actualité*. Elle participe régulièrement à diverses émissions d'information à la radio et à la télévision y compris le panel politique hebdomadaire *At Issue* dans le cadre de *The National*, le téléjournal de la CBC de même que les émissions *Les coulisses du pouvoir* et *C'est pas trop tôt* à l'antenne de Radio-Canada.

En journalisme depuis 1975, elle a occupé successivement des postes à la télévision régionale et à la radio nationale de Radio-Canada à Toronto et à la colline parlementaire pour *Le Devoir* et *La Presse*. Chantal Hébert est diplômée du collège universitaire Glendon de l'Université York. Elle est « Senior Fellow » au collège Massey de l'Université de Toronto. Elle est également officier de l'Ordre du Canada.

Elle a été boursière de la fondation Asie-Pacifique (Malaisie et Japon) à deux reprises. Elle est récipiendaire de la mention de service public de l'APEX (2005). En 2006 elle a reçu le prix d'excellence en journalisme et politique publique Hyman Solomon.

Son second livre, *Confessions post-référendaires*, a été publié au début de l'automne. En 2014, elle a reçu un prix (or) du Magazine canadien pour sa chronique politique dans *L'Actualité*.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Mme. Chantal St-Cyr Hébert:

Jacques Brault. *La Naissance des Nuages*. Shawinigan [Québec]: Éditions Lucie Lambert, 1984.

In *La Naissance des Nuages*, or *The Birth of Clouds*, Jacques Brault's nine short poems are dedicated to the memory of his grandmother and explore the fleeting nature of life, of dreams, of morning rain, of the flight of the teal and the song of the lark. The book has nine separate fold-out sections, each containing two etchings by celebrated artist Lucie Lambert and one poem, and it also features an original etching plate inset on the inside cover. The sections are housed in a silk covered portfolio by master bookbinder Pierre Ouvrard (1929–2008). Over his distinguished fifty-year career, Ouvrard created more than five hundred beautiful bindings, and he is widely acclaimed for his extraordinary work designing and executing unique bindings for winners of the Governor General's Literary Awards. In the spring of 1998, the University of Alberta's Bruce Peel Special Collections Library acquired the Pierre Ouvrard Collection of preparatory sketches, proofs, photographs, and examples of his work, as well as business records related to his commissions.

Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

NATIONAL ANTHEM

O Canada! Our home and native land!
True patriot love in all thy sons command.
Car ton bras sait porter l'épée, (With glowing hearts we see thee rise)
Il sait porter la croix! (The True North strong and free)
Ton histoire est une épopée (From far and wide, O Canada)
Des plus brillants exploits. (We stand on guard for thee)
God keep our land glorious and free!
O Canada! We stand on guard for thee.
O Canada! We stand on guard for thee.

CONCLUDING REMARKS

Mr. Ralph B. Young

RECESSION

Members of the audience are requested to remain at their places until the Platform Party and the graduates have recessed.

Those graduates who would like a photograph with the Chancellor may meet him in the east end of the main floor foyer by the Special Collections display. The Chancellor will be available for approximately twenty minutes following the conclusion of the ceremony.

Commemorative Videos of your Convocation Ceremony are available for purchase on DVD; please go to www.registrar.ualberta.ca/memorabilia

Honorary Degree Recipient

CONGRATULATIONS

Bruce Austin Saville

Bruce Saville founded Saville Systems in 1982 and served as president and chief executive officer until becoming chair of the board in 1994 and chair emeritus in 1998. The software company grew to employ 1,700 people developing and marketing billing solutions to the telecommunications industry worldwide before it was sold in 1999.

Prior to founding Saville Systems he served as general manager of Compu/Data Ltd., a computer service bureau, and as manager of systems and procedure for Northern Telephone Limited. Early in his career he was a programmer/systems analyst for Goodyear Tire & Rubber Company and the Canada System Group (CSG).

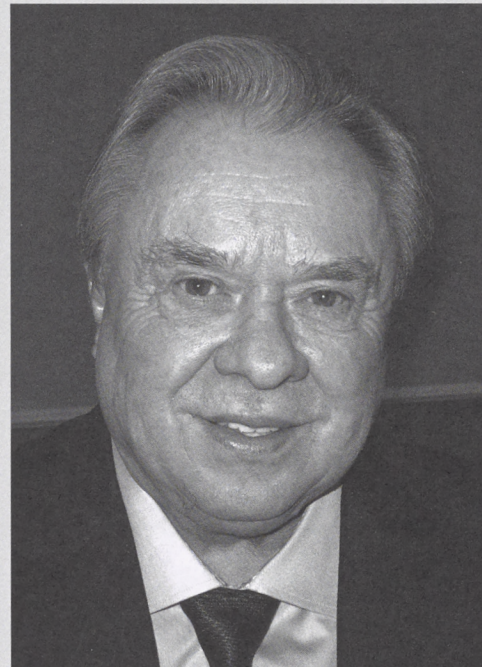

Mr. Saville is currently the president of Saville Interest Group, a private investment company. He was a member of the United Way Campaign Cabinet for twelve years and served a six-year term on the board of governors of the University of Alberta where he chaired the Board Learning and Discovery Committee. He also served 10 years on the Board of Governors of Brentwood College School in Mill Bay, BC.

He is a former director of the National Foundation of Family Research and Education and Honorary Patron of the Rt. Hon. Sir Winston Spencer Churchill Society. He is also a former board member of the Northern Alberta Institute of Technology, the Noujaim Institute, Economic Development Edmonton, the Edmonton Investors Group (owners of the Edmonton Oilers Hockey Club), CodeBaby Corp, VTN Technologies, Serenic Corporation, Melcor Developments and the Telus World of Science.

Mr. Saville served on the Board of the Edmonton 2001 World Championships in Athletics, nine years as a director of the Edmonton Eskimos Football Club and five years as chair of the Edmonton Oilers Community Foundation.

After 11 years as chair of the Inner City Agencies Foundation he is now chair emeritus of the foundation. He also contributed nine years as a director of the Stollery Children's Hospital. He was appointed to the Mayor's Taskforce to End Homelessness as well as the Edmonton Homeless Commission to oversee implementation of the 10-year plan.

A member of the Alberta Business Hall of Fame, Mr. Saville was awarded the 1996 Entrepreneur of the Year Award (Prairie High Technology) and the 2001 Edmonton Philanthropist of the Year Award. He received the Queen's Golden Jubilee Medal in 2003, the Alberta Centennial Medal in 2005 and the Queen's Diamond Jubilee Medal in 2012.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Mr. Bruce Austin Saville:

George Orwell. *Down and Out in Paris and London*. London: Victor Gollancz, 1933.

This largely autobiographical account of poverty and homelessness is based on Orwell's own experiences and observations when, as a penniless author, he lived for an extended period in brutal and uncertain circumstances in a Paris slum and later as a tramp in London. A thoughtful and intelligent exploration of the roots of systemic poverty filled with Orwellian provocations: "The mass of the rich and the poor are differentiated by their incomes and nothing else, and the average millionaire is only the average dishwasher dressed in a new suit. Change places, and handy dandy, which is the justice, which is the thief?" (163). This fine copy of the first impression of the first edition of Orwell's important first book was gorgeously rebound by the Chelsea Bindery in blue morocco and decorated with gilt; a very suitable treatment for a book of this stature, but rather ironic given its subject matter.

Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

Faculty of Extension

The Faculty of Extension delivers over 300 courses annually to 7,000 students, almost 20 percent of whom are international students. More than 300 experts teaching in the fields listed below bring real-world experience to our programs, which are designed based on the current research of our professoriate. This research, principally in the areas of communication, social sciences, linguistics, community development, and non-traditional learning, has established Extension as a leader in the Scholarship of Engagement (an academic domain that ties our historical mission with the vision for the future of the University of Alberta at large).

Our relationships and partnerships reach far beyond this campus and province to a much larger global “community of communities” that is becoming increasingly more diverse in their cultures, perspectives, needs, and issues. As the University pursues and advances the process of community-university engagement, Extension brings unique perspectives, ongoing expertise, and plays a special role informing and advancing that process through lifelong learning opportunities. With our downtown campus, we are participating in Edmonton’s transformation.

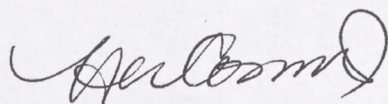

Congratulations to the Faculty of Extension’s graduates of 2015! Through your commitment to lifelong learning, you have made a positive impact in the communities where you work and live. As with every graduating class, today is a time to celebrate your achievements, recognize your “coaches” and supporters, and reflect upon the uplifting power of knowledge, citizenship, and action in our increasingly complicated world.

This year, there are over 850 graduates in the following Faculty of Extension programs:

Aboriginal Health Promotion Citation
Advanced Certificate in Leadership
Advanced Citation in Global Leadership
Applied Geostatistics Citation
Applied Land Use Planning Certificate
Business Analysis Professional Citation
Certificate in Adult and Continuing Education

Acting Dean, Faculty of Extension

Welcome to the Alumni Association

CONGRATULATIONS, GRADUATE!

Your walk across the stage today completed your journey from scholar, to graduate, to alumnus. Welcome.

In 1915, a dozen grads first came together with a belief in their shared values and a desire to contribute to the success of the university.

Now we are over a quarter-million pioneers, leaders, and cutting edge thinkers—dreaming, living and working in over 140 countries around the world.

We have founded more than 70,000 organizations globally, with a third of those having social justice, environment and culture in their mission. Those organizations have annual revenues of \$348.5 billion, and alumni have created more than 1.5 million jobs and employ almost one in every five Albertans.

We stand in the strength of our togetherness, with a shared history of learning in a place that encouraged us to push boundaries, to stand out, to find success in the bravery of taking risks.

We are University of Alberta alumni, and we are Doing Great Things.

Your membership in this community starts today. Make the most of it by staying connected.

You can keep your student ualberta.ca email address. Make sure you update your mailing address if you move at alumrec@ualberta.ca, alumni.ualberta.ca, or by calling the Office of Alumni Relations.

Keeping your address current means you'll get exclusive access to the university's award-winning *New Trail* magazine and the new *Thought Box* e-magazine. You'll get party invitations and group ticket discounts through *Alumni Insider*. We can even help you find ways to volunteer—to pay it forward to a cause you care about.

Stay connected socially through twitter.com/UofA_alumni or on Facebook at UAlbertaAlumni. And remember it's all in one place at alumni.ualberta.ca

For the past 100 years, alumni from the University of Alberta have been doing great things.

You are a University of Alberta alumnus. Do Great Things.

Academic Dress

All undergraduate and master's degree gowns are the customary Cambridge shape, i.e., a gown of black material falling below the knee with full sleeves cut to the elbow and terminating in a point.

Hoods are made in the Oxford pattern of spruce green material. The Bachelor's hood has a border three inches wide of the color distinctive of the Faculty as noted below. The Masters' hood has a full lining of the color distinctive of the Faculty also noted below. Mortarboards are the standard black trencher shape with black tassels, which are worn forward and to the left.

Doctorate Degrees

'Doctors' gowns (PhD, DMus, and EdD) conform to the Intercollegiate Code in design. They are made of black material and the velvet trim on the sleeves is Philosophy Blue for the PhD and DMus, and Education Light Blue for the EdD. Doctors' hoods conform to the Intercollegiate Code in shape, size, and color. They are made of black material to match the gown, and have a full lining of gold satin with a six-inch green satin chevron. The velvet trim distinguishes the two degrees and matches the velvet trim on the gown's sleeves. There is a narrow green

piping where the gold lining joins the black material. Mortarboards are the standard black trencher shape with black tassels, which are worn forward and to the left.

Honorary Doctorates

Honorary Doctors of Laws (LLD), Letters (DLitt), and Science (DSc) wear a scarlet robe faced with white silk. Hoods are made in the Cambridge form of scarlet silk with a full lining of white velvet. Caps are black velvet with a gold tassel.

Je te Retrouve - I Remember You

Music and lyrics by France Levasseur-Ouimet Ph.D. Translation by France Levasseur-Ouimet and Laurier Fagnan
Bilingual version as it is actually sung (follow bold text). Gray text is translation of what is being sung.

French (1st verse and refrain, bridge and last refrain)

1. **Quand je pense a d'ou je viens**
A cette route qui m'a conduit a qui je suis
Quand je pense aux jours passes
Ton nom me vient comme un
refrain que j'aime chanter
Quand je pense a tous ces gens
qui ont laisse un coin d'ciel bleu
au fond de moi

Refrain

Je te retrouve, je te retrouve
Tu es les rêves que j'invente
Tu es la musique que je chante
Tu es la force qui me soutient
Je te retrouve, je te retrouve
Tu es les mots que je compose
Tu es les gestes que je pose
Tu es la route qui m'a conduit
d'hier a demain,
d'hier a demain

2. **Quand je retourne chez moi**
Par habitude je refais tous les memes pas
Quand je marche dans les rues
J'entends des voix qui font echo au fond de moi
Quand je pense a cette langue
Qui me raconte, qui me recite et qui me dit

Refrain

Je te retrouve, je te retrouve
Tu es les rêves que j'invente
Tu es la musique que je chante
Tu es la force qui me soutient
Je te retrouve, je te retrouve
Tu es les mots que je compose
Tu es les gestes que je pose
Tu es la route qui m'a conduit
d'hier a demain, d'hier a demain

Bridge

Tu es ma jeunesse
Tu es mes racines
Tu es mon histoire

Dernier refrain (deuxieme partie seulement)

Je te retrouve, je te retrouve
Tu es la source qui m'a nourri
Tu es la main qui m'a petri
Tu es la route qui m'a conduit
d'hier a demain
d'hier a demain

English (2nd verse and 2nd refrain)

1. **When I think of where I come from**
Of the road that has led me to who I am
When I think of days gone by
Your name comes to me like a melody
that I want to sing
When I think of all the people
Who have left a piece of blue sky
deep inside of me.

Refrain

I remember you, I remember you
You are the source of my dreams
You are the music that I sing
You are the strength that sustains me
I remember you, I remember you
You are the words that I compose
You are the source of my every gesture
You are the road that has lead me
From yesterday to tomorrow
From yesterday to tomorrow

2. **You have made me who I am**
Empowered me to seek and learn and understand
You have taught me how to dream
To value hope, to search for truth and honesty
Memories of youth and friends are like a song
That warms my heart and never ends

Refrain

I hear your name and I remember you
And all the years that have gone by
Cannot erase the sense of pride
That lingers deep within my soul.
I hear your name and I remember you
The words of those who showed the way
Revealed the course we'd have to stay
To build tomorrow from today
And all our dreams will carry on

Bridge

You are my youth
You are my roots
You are my history

Last refrain

I remember you, I remember you
You are the source that has nourished me
You are the hand that has molded me
You are the road that has led me
From yesterday to tomorrow
From yesterday to tomorrow
